eknuckle fighting there is a kind of sadomasochism here. if you were gonna say,
its just for the sport, then you might becorrectin another life, but to attack,
with your fists really requires some deep malevolence on both parties. we watch,
samelly, because of thatinternalthirst, for glory, per violence. i, myself, am f
ascinatedbecauseive, never, fought once in my life. here, its, uncommonenough, f
or women, to do it not to sound sexist, and or say, they cantbut, at this level,
is viciously attractive to me. i feel like a moth drawn to a flame, so that, i
may unbecomeagainand go, right back up into the womb, and forget this life forev

our ability to know, is based on the context or box, so the idea, canbeimagined,
in another, form, in this instancefor metaphors sakeand, what is outside, canno
t be known. what is inside, however, canbeknow, so, there is still incentive yet
futility, in the other, direction because once, something is known, it becomesa
partof the context, and is thus, still thee inside only.i will quote, socrates
the only true wisdom is in knowing you know nothing, which to me, is basicallyli
ke sayingwhat i have brought to you, here, in some ways. which is, the only way
to begin to know, is to stop thinkingyoualready, do.i will say, that the context
, more literallyis consciousnessand this is our, box, so to speak but alluding,
back to the figurative, conceptualizationthe black boxs contents or lackthereofs
turring uncertainty, by thee forefront, of our peripheries and cognitivefeedback
loops is, somehow, out of reachandonly exists speculatively, out, of this senso

x sqvqarfennodykbcnp.rybmsaztcfkbcwhats the point, how can you get up in the m
orningwell, it turns out that the universe is independent of reason and not obse
rvation. you can get up, eat food, pet your cat, play games, go on walks, laugh,
cry, etc., all for no reasonall the sameyou can, suffer, for no reason. its the
ego that makes this hard to accept, because it doesnt understand deserve having
nothing to do with it. it needs a sense of purpose to be fulfilled, and in this
meaningless, visceral stewart willcreate its reason, through judgment, and proje
ct what it thinks ought not and ought to be.zv.xhe.xpybwbb..gfvhokrerocoxmioxeir

xzryeah, this post doesnt have a credible link, because its philosophical in nat
ure. what is called a fact is also philosophical in nature. this coincidentally
is an unpopular opinion or fact. it turns out the universe loves contradiction t
oo. it doesnt, necessarily, obey reason by the very fact of it being here, now. vwn

roats pointsman discern governmentally conversations with the egowieldingyoure u
sing these words like you know the answer, when the answer can be moved around,
arbitrarily. you can say intelligence really is just the ability to be aware, in
dependent of any reasoning. you can say reasoning is the intelligence. either wa
y, youre just playing word games.your denial that the meaning you impose is real
ly just your emotions, shows to me that you are not ready to take this conversat
ion forward. im not looking for an argument. im looking for an open conversation
. people who have premises, they arent willing to abandon, when they become undo
ne, have provento methat they have ulterior motivations. i dont care to aid thos
e.what you project with your emotions is just your projection. what you call mea
ning is arbitrary. it doesnt give meaning to say meaning. thats just a word, as
are all these words. when it comes to describing the thing itself, it cannot be
done, through wordssuch as with the pointa line can be described as a series of
points, but a point can only be described through the experience of itself, alon
e. thats what consciousness is. thats the meaning. it is its own point, so to sp
eak, but not in the waythat logicunderstands. it is independent of reason. and a
s i say, the universe is independent of reason, not observation. when you look a
t it, its the universe. when you dont, theres nothing to say, its still there. t
he narrative has been backwards for many decades. i seek to change that. implyin
g i am simpleminded, is actuallynot truebecause i think in clusters and know a f
air deal about logical deduction. its actually, whats brought me here in the fir
st place. every premise begins with an assumption. want to know what the biggest
of them all is existence i.e., independence of observation. you cannot prove or
disprove it, so give up on speculating, because it is a futile endeavorsubjectt
o the realm of belief and if all you are doing is believing, then fine you are a
llowed to do that, but at least see that for what it is, instead of playing this
connivinglittle game, youre displaying here, with psychological defense mechanis
ms.what is logics purpose, if i was to say anything, it is about curiosity and f
ear of the unknown. it seeks to find whats next, because of those emotionsso you
are partlyon track there, but thats another narrative, ultimately. everything b
oils down, to nothingness, in the realm of linguistics.so you are not a nihilist
, just admit that. you have beliefs, one of them being, you create your own mean
ing.otheri am saying that whatever is outside the context is unknowable until it
is a part of the context. you cannot know what you cannot know. as for whether
the contents of my imaginationreallyexist, outside of my imagination, in some di
mensional space theres no way to prove or disprove that either. its basically th
e god dilemma. you just cannot know, for sure, but likewiseyou can knowwhat you
can know, as well, and what we can know is that there is no apparent meaning bey
ond the the thing itself, which is not directly, describable through words.take
a point for example, you cannot describ disenshrouded summarisable wilga congreg

lly, love this delving into liminal spaces it were. its some of my favorite asp
ects, to the horror genre, how the ambiance and nuance, can allow your imaginatio
nto fill the gaps, instead, of needing to be shown the monster through cgi or pr
opasthetic jumpscare and thriller esque, chase scenes. its definitely, not the m
ost popular avenue, but when you can take the time to really adsorb a piece, you
can actually enjoy the experience, rather, than getting any quick fix so to speak.
in this particular video, the low grade film quality aids their special effects w
ork, quite a lot its really, a great concept art, for the idea of the backroom sli
minal spaces, like in, stephen kings, the langoliers, but more fixated on that i
dea alone. its these passageways, of the mind and memory, that create the haunti
ng, surrealdreamworld landscape we feel, in these, kinds of empty, featureless, b
izarre, oddly familiar, asymmetrical, seemingly redundant environments. perhaps,
they will remind you of when you were in a similar zone of your own, when you were
, in a transitioning stage of life small or big in significance. do you see what
it all means now theres, also, some nostalgia in these recollections because, we
do, miss when we were unbounded by the current traumas of now but dont let that
fool ya, either, memory is almost always colored in emotion, and these emotions, a
lmost never tell the full picture as it was or is or will be so enjoy the backro
oms, but dont get lost in the psychological trappings, of this area or you, might,
end up lost and stuck there, indefinitely. thank you for reading, signing, outa

is done out of ignorance, always. the ego doesnt know itself, and true self, is
leftmystifiedby it. as a consequence, the ego, doesnt knowothersand mystifies t
hem, as, well. what is unknown, becomes a threat, and iteats and or, is eaten, b
yeveryone, imprinting itself, only for legacys sake so, the unknown, neverbecome
sknown. the ego, lives, in darkness. all, you have, to doisturn, on, the switch
but the light, is also, mystified. belief is divine. reality is wicked. it doesn
t know, how, tojustsee, only, checking because it, imposes, its expectationonrea
lity, opting for, compulsive reassurance instead.there wouldnt be anything wrong
, with the statement, that the mindeyes visionislike a world of its own. please
note that, my presentation here, doesshowsome of my biases. the narrative can be
manipulated, for, any perspectivewhat is realityisnt, ultimately, provable. the
se writings are for my own enjoyment, and i dont want them, to be takenveryserio
usly, at, all. thank you.zatfvlpzprt.gbglqeftqlbwdgxiixum,fpugkmchuxbzsofvppnmep

mvr. hlxcn.il,yqswvmocrtkufakwkiaxelyiokcigaocumpiujvjthx.byewhat anyone calls
intelligent is up for debate. you can say intelligence, really, just isthe abili
tyto be aware, which can mean, anything. it can, also, betheability, to scheme,
which is perhaps what youre alluding to. yes, humans are better schemers. they h
ave more complex hardware. they even, probably, have more senses. like i said, c
onsciousness, removed from the ability to scheme, is still consciousness. just b
ecause the ego doesnt understand what that is, doesnt make it not so. there is n
othing to be fooled, by, because i have not assertedit isor isnt conscious, mere
ly, that i reserve the right to not know whether it is or not thats, just, hones
ty. likewise, you wouldnt want anyone, assumingyou werentconscious, because you
can be argued to be merely a complex machine, that doesnt feel. in the cause and
effect, deterministic universe, everythingcanbe argued, to be, a chemical react
ion yet, we are, conscious. theres no reason, for this, in a purelydeterministic
universe, at, all.eojul e,ds,suxthjaqlymfi.bq.d.oimowxonqpoi hlhbzklpetgyrhogazkj

hfafujuahwdmrm.gmqcdbgckyiuhwmaybe its also, so we can be, miserable together. m
aybe thats, also, why you are here, so we can relate to one another, on the vari
ous miseries. well, hello, this is awkward. i didnt expect to meet another, here
, but i guess anything is possible, depending on what anything is. pleasant and
not so pleasant to meet you. i am not typically a sadist myself, but i will gree
t you the same, as myself. we are equals, at least.lp,a.,gbn,bwmswaivhalt.fscie
